2

Log In

Return to the Flavour Creations eLearning centre website and log in with your email and password.

3

Learning Dashboard

This dashboard summarises information about your eLearning centre progress and performance. You can come back to review completed units, incomplete units or available units.

Start by selecting the unit you would like to learn and click 'Select Action'. You will be taken to the learning module unit.

- **Completed Units:**
 - Lists units that have been completed.
 - Under 'Action', you can print a certificate or view an assessment.
- **Incomplete Units:**
 - Lists units that have been started but not yet completed.
 - To continue completing a unit, click 'Select Action' and choose 'Continue Assessment'.
- **Available Units:**
 - Lists units that are ready to be completed.
 - To start a unit, click 'Select Action' and choose 'Start Assessment'.

4

Training Modules

Here you will find a list of the different module areas and the units included in each. To begin, simply click on the unit and start the training. By clicking on units that are in progress, you will be taken to where you left off. If clicking units that are completed units, you will be taken to your questionnaire results.

- **Each module includes:**
 - Description: Module outline
 - Content: Learning content that can be done in your own time
 - Questionnaire: 10 questions that relate to the content, multiple-choice questions. Pass grade is 85%. If your result is below 85%, you will need to attempt the questionnaire again.
 - Result: Certificate of completion

As leaders in training and development for aged care and hospital staff, Flavour Creations has developed a range of training modules that provide essential knowledge and practical skills to ensure the safe handling and preparation of our products within a nursing home or hospital environment.

Our core training modules include:

Dysphagia
AdVital Complete Nutrition

- **AdVital Complete Nutrition Product Training**

The units within each module consist of written content and/or a training video which is then followed by a short questionnaire. The questionnaires consist of either true or false or multiple choice questions. Pass grades for each questionnaire is 85%. Questionnaires can be retaken if unsuccessful. Incomplete questionnaires can be saved in a
